OPENING TO THE LIGHT

Weekly Meditations on Messages from Near-Death Experiences

BY GARY D. GUTHRIE

Near-death experiences have been with humanity since time immemorial. The fact that they recur so often indicates their importance and urgency. Despite the vast diversity of near-death experiencers, their expressions hold surprisingly common themes.

Opening to the Light relates these messages. They speak of our intrinsic worth, and our place in the world and eternity. They invite us to become more deeply aware of our inner Light and abilities.

There are fifty-two messages offered for reflection in this book. Bringing them into a period of meditation and working to incorporate their affirmations during each week of the year can help to empower you; to open and deepen your relationship with the Light.

ISBN: 978-0-9821145-7-5 \$12.95
non-fiction paperback: 5 ½" x 8 ½"
130 pages, SAN # 8572933

This thoughtful book will take you deeper into the meaning and message of the near-death experience. Each week, you are invited into a meditation on some of the jewels brought back from travelers to realms beyond; and to find their resonance in your own soul. These messages are more than stories; they are guideposts on a spiritual journey.

—Beverly Brodsky; Coordinator, San Diego IANDS

Gary Guthrie has gathered and condensed insights from the wisest sages in the world and synthesized them into one of the best collections of transformational meditations and affirmations that I've ever seen.... This book is a treasure—a delight to read and ponder.
